

Hi There,

I hope this blueprint symbols file has what you need on it. If there's anything missing please use the contact form on the website and let me know.

Best Wishes

Meg.

Other interesting stuff you'll find on my site...

Home Design Workshop – A home design tutorial inspired by the principles behind design psychology design methodology. Learn how to design a home that functions well and has special meaning to you.

www.houseplanshelper.com/house-plans-designs.html

Floor Plan Analysis – Learn how to figure out whether a house is well designed by reading the floor plan.

www.houseplanshelper.com/floor-plans-for-houses.html

House Styles - Learn about the features of common house styles such as Craftsman and Mediterranean. Find out the implications of each design for a building project.

www.houseplanshelper.com/home-design-plans.html

Room by room design – A look at the layout of fixtures and furniture for each room in the home. Eg Kitchen design and bathroom design.

<http://www.houseplanshelper.com/design-a-room.html>

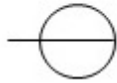

Take a look at my favorite architecture quotes – just for fun!
